Estate Board

COMPANY EXPERIENCE

Eric has over 30 years of experience in the commercial real estate industry. Eric has an extensive background in appraisal and investment analysis, which includes being Senior Appraiser in the Calgary office of Royal LePage where he specialized in the downtown office and land markets. He subsequently relocated to Vancouver as the Manager of the Commercial Appraisal Division.

In this capacity, a great number of contacts were made with eastern based institutions such as national tenants, pension funds, life companies, private investors and developers that are active in the British Columbia market and throughout Western Canada.

Since moving into a sales capacity (1991), Eric has been focusing on investment and industrial property sales and leasing and business sales.

This background and understanding of the investment market will be utilized to ensure prospective purchasers recognize the positive attributes of the property thereby achieving the maximum possible value for the owners of the property.
